

Critter Kindness

-  I can feed the animals.
-  Get a new pillow for the pet
-  Cheer them up.
-  Do not beat them up or shoot animals.
-  Don't throw cats or kick them if they break something.
-  I will pet the cat or dog that I know. I will play with animals that I know.
-  I will try to help at an animal shelter, to walk a dog when the people who work at the shelter are busy.
-  I would want to help the animals that are hurt and are going to die and take them to the vet.
-  I will help animals find their owners, or find a new owner. I will try to adopt a pet in the pet shop, I will try to take care of a dog or cat who doesn't have a home.
-  A nice thing you can do for a lost dog is look for its collar, and not abuse it.
-  Not run over them!!! Take them to the vet. Take care of them. Feed them. Also no force feeding.
-  Help stray animals. Check the collar for information on their owners. Post signs in the neighborhood if there is a stray dog. Give them to the animal shelter if you can't find the owners.
-  Keep my dog in great health.
-  Give them a bath.
-  I'm going to tell my cousin to stop running up to pigeons and scaring them.
-  I will walk dogs of neighbors who are sick.

From kids in the Pawprints Literacy Plus Program in NYC and L.A.
